## Webinar

### **Attracting and Retaining Facility Management Talent**

Over the next few years, Baby Boomers (age 40 to 58) will be retiring. The upcoming Generation X population numbers 44 million people (ages 25-34), compared to 76 million Baby Boomers available for work. There are a lot fewer people available to work—how will you attract the right employees? Failing to retain a key employee is costly to the bottom line. How can you retain good employees once they are hired? Join the webinar on this important topic!
